

I would like to ask you to leave Indiana's No Call List as it is with no alterations. I appreciate Indiana's No Call List as it has helped my time at home with my family. We no longer have to deal with all the phone solicitors as we had in the past. I would typically receive as many as 10 calls per week. Since putting my name on the No Call List, I have yet to receive one.

I believe anyone who receives a telemarketer call while at home understand the frustration behind it. Especially if they are received over and over again throughout the day and week. I would greatly appreciate you leaving the Indiana No Call List as it is.  
Thank you.
